The County of San Diego Department of Environmental Health Solid Waste Local Enforcement Agency (LEA) received and has accepted for filing an application package for an amendment to the Report of Facility Information (RFI) and update to the Solid Waste Facility Permit (SWFP) for a change in mailing address for Escondido Resource Recovery. The LEA is certified by the California Department of Resources Recycling and Recovery to enforce state laws and regulations at solid waste facilities within the County of San Diego excluding the City of San Diego.

Description of Proposed Permit: The operator has submitted an application package to update the mailing address for Escondido Resource Recovery (ERR); update RFI Table 2 - Vehicle List to identify sweeper attachment for existing equipment and an update to Figure 3 - Overall Site Plan the identify the relocation of the hazardous waste storage box.

LEA Findings per §21665(c): The County of San Diego, Solid Waste Local Enforcement Agency finds the proposed changes are consistent with California Environmental Quality Act documents; the proposed changes are consistent with State Minimum Standards; and the proposed changed do not conflict with the existing Solid Waste Facility Permit.
